Introduction

The IPPF Library Bulletin is a quarterly accessions list of books received and catalogued in the library of IPPF Headquarters in London. Books only are included in the list, and are arranged in classified order according to the classification scheme at present in use in the IPPF Headquarters library.

The main outline of the schedules is as follows:-

1. General Office Management and Administration
2. Contraceptive Methods
3. Family Planning (General)
4. United Nations; Conferences etc.
5. Population

5.3 Africa
5.4 America
5.5 Asia
5.6 Europe
5.7 Oceania
5.8 USSR

6. Religious, Moral, Ethical and Political Attitudes to Family Planning
7. Medical
8. Education, including Sex and Population Education
9. Communication, Publicity, History etc.

The Bulletin is divided into sections by subject headings as a rough guide to the contents of the books noted. An alphabetical list of authors appears at the end of each issue, with classification marks as cross references. An alphabetical list of publishers and their addresses appears for the first time in this issue, and in the interest of speed and efficiency those wishing to obtain copies are advised to order direct from the publisher or their local bookseller. It is not possible for the IPPF Headquarters to deal with orders for material, other than IPPF publications.

PRICES The price for all books is given as the publishers list price, which is not necessarily the price that the IPPF paid for its copy. Where the price is indicated as 'not known', in many cases the book may be free of charge, but this should NOT be assumed when ordering. It is sometimes possible to arrange a small discount on large orders with a local bookseller.

Issued November 1971.
